PORT HOPE, Sept. 4.—Sir John Mac-
donald unveiled Col. Williams' memorial
statue to-day in the presence of 10,000
people. The statue is of bronze, and rests
on a pedestal of a rough granite base, a
polished granite middle stone and a rough
granite cap. In the inscription it speaks
of how he valiantly led the victorious and
decisive charge at the battle of Batoche
during the Northwest rebellion; also how
the sickness which caused his death was
contracted in the discharge of his duties
near Fort Pitt on July 4, 1885.

WINNIPEG, Sept. 4.—The corner stone
of the new Jewish synagogue in the Cana-
dian Northwest was laid with Masonic
honors by Grand Master Rev. Canon
O'Malley.

LONDON, Sept. 5.—Odds of six to four
are made that Sir John Macdonald will
win the coming match on the championship
of the world in Snooker next.

OTTAWA, Sept. 4.—It is reported that
Mr. Wm. McInnis, private secretary to
Mr. Dewdney, is to become chief Indian
agent for British Columbia. This posi-
tion has until recently been filled by Mr.
Powell, brother of the Adjutant-General
of Manitoba.

CAIRO, Sept. 4.—A fierce encounter
took place yesterday near Suakin be-
tween a detachment of friendly tribes
and a body of desperadoes, in which the
former were routed with terrible slaugh-
ter.

QU'APPELLE, Sept. 6.—Judge McGuire
and F. C. Baker and party started last
evening for Prince Albert.

PROT. Tanner arrived this morning from
England, and is purchasing lands for
Lord Brassey's colony of English laborers.

MONTREAL, Sept. 4.—Premier Mercier
says the money granted to the Jesuits
will be paid on the 1st November, because
the six months expires on the 4th.

SAN FRANCISCO, Sept. 4.—The Field-
Terry case began to-day. Testimony
was taken showing that Terry had
threatened to kill Justice Field. It was
also testified that Mr. and Mrs. Terry
were violent persons, who had threatened
harm to Judge Sawyer as well as to Judge
Field, and that Terry had told Marshal
Frank that he would get even with Field
for deciding against him. A reporter
testified that Mr. Terry once told him he
would probably kill Judge Field some
day.

EDMONTON, Sept. 5.—The Northwest
Mounted Police stables here were burned
last night, and it required the greatest
exertions to save the hay stack in the
yard. Twelve horses were burned to
death, only one and a pony being saved.
The evening was calm, or much more
calm might have been done. Cause of
fire unknown.

NIAGARA FALLS, Sept. 5.—A woman
supposed to be Mrs. Lawrence, of Brook-
lyn, committed suicide by jumping into
the river and going over the falls.

BOSTON, Sept. 5.—Upwards of 200
Irish handymen were idle at the Hosack
dock to-day on account of the great Lon-
don strike.

LONDON, Sept. 5.—There was a slight
break in the ranks of employers this
morning. Six thousand strikers have re-
sumed work at 6d per hour.

PORT ARTHUR, Sept. 5.—A network of
construction will be commenced on the
Port Arthur, Duluth and Western rail-
way on Saturday.

EDMONTON, Sept. 5.—An explosion
occurred to-day in the ironstone pit of
the Maurice Head colliery, Midlothian,
which threatened a disastrous consequence.
Two dead bodies have already been re-
covered. Sixty-two miners are em-
ployed.

WASHINGTON, Sept. 5.—The postal
clerks in the office at Spokane Falls, W.
T., have threatened to strike, being dis-
satisfied with their allowances and sala-
ries.

TORONTO, Sept. 5.—The Mail editori-
ally condemns the opinion of the English
law officers on the Jesuits' Estate Bill,
saying that it was only one of expedi-
ency, and that the decisions of the impe-
rial officers are always against Canada.

Tuesday in town.

R. Mair has delivered some fifty tons
of hay at the Police Barracks.

Prairie chickens are very plentiful
throughout this district this fall.

Crops are two weeks earlier in this
district this season than ever before.

The boys of the west end school have
argued a flourishing foot-ball club.

Corp. Oliver, N.W.M.P., left on Tues-
day last to enjoy a holiday at Sandy
Lake.

The Prince Albert baseball club has
apparently succumbed to the depressing
influences of the autumn season.

Several Indian Department freighters
for Sandy Lake and the northern reserves
pulled out for home on Tuesday.

A cool and refreshing drink can be had
at Jackson's drug store. Cream soda,
from the fountain, only ten cents per
glass.

Last week's mail, which was larger
than usual, was distributed by Deputy
Postmaster Way in a little over two
hours.

Sergt. Breaden, of the N.W.M.P., who
has been ailing for some time past, has
recovered sufficiently to get out for an
occasional drive.

Mr. Wm. Tait has about finished hay-
ing on his extensive ranch north of the
town, and will shortly remove his cattle
there to winter.

Russell & Davis' ferry, opposite the
town, has been doing a boom business
the past week crossing Hudson Bay Co.'s
freight teams to and from the north.

Baker? Because they are cheaper and
freer than any other place in town.

citizens of the Northwest's ancient cap-

charge of the Hudson Bay Company's
business.

of this district.

Mrs. James Stephenson, who has been
visiting relatives in Manitoba, and has
spent the past week in Prince Albert,
leaves in a few days to join her husband
in their distant home at Stanley Mission,
N.W.T.

Reports from all points in Manitoba
and the Northwest say that harvesting is
about over, and the yield greatly beyond
the anticipations of those who thought an
absence of rain from May until August
would interfere with the growth of grain
in this great country.

Mr. Douglas Peterson, an old resident
of this place, and his brother Clayton,
who brought in a band of thoroughbred
cattle from the east a few weeks ago,
have rented an improved farm at Mc-
Leod's crossing, and are busily engaged
putting things in shape for the coming
winter.

SEPARATE SCHOOLS.

We are pleased to see that the
Separate School question is absorb-
ing a wide spread interest through-
out the Dominion, and is being
pretty well threshed out in the public
press. It is only when the public
become educated up to a full appre-
ciation of the evils of the system
that we can expect the legislation
necessary to effect a change. It is
going to be made a very live issue in
Manitoba shortly, and we believe it
will also become so in our own Le-
gislative Assembly. We believe in
protecting the minority, but in this
instance we believe that the minority
will not suffer one whit, except in
the amount of public money they
will lose, and they never had any
right to more than a fair proportion,
so that they cannot possibly be
treated unjustly by abolishing Sepa-
rate Schools, or by cutting off the
public grants.

We notice that the Winnipeg *Sun*
has obtained the opinion of most of
the Protestant clergy of that city,
and nearly all are in favor of a cer-
tain amount of religious instruction
in Public Schools. If we are going
to effect the desired change in our
School system, we believe that all
religious teaching must be prohibited
even to the extent of opening and
closing the exercises with prayer in
any form. We think the absence or
devotional exercises will not prevent
children from acquiring secular
knowledge, nor does it follow that
they would become "Godless" or
any worse fitted to enter on and
carry out the duties of life. Their
religious training can be attended to
in its proper place. We believe
that if such were done, one great
objection to the abolition of Separate
Schools would be removed.

MEMORIAL.

A very large meeting was recently
held in Winnipeg to consider the
propriety of erecting a public monu-
ment to the memory of the late
Hon. John Norquay. The meeting
was attended by men of all shades
of politics, and a unanimous decision
was reached to move in the above
direction. A committee of forty,
with Rev. Canon Matheson at its

head, was appointed to solicit sub-
scriptions. The form which the
memorial will take has not yet been
decided. Subscriptions will be re-
ceived from all over Canada. As it
is the desire of the promoters of the
scheme that all who wish may con-
tribute, they will not receive more
than one dollar from each subscriber.
Messrs. T. McKay, J. A. Macdon-
ald and H. Adams will receive sub-
scriptions here in the town, while A.
Spence and R. Adams will receive
in the outlying districts. Mr. Nor-
quay was well known in this district,
and did a great deal not only for his
own Province but for the Northwest,
and we shall be glad to see the pro-
posed monument carried to a suc-
cessful termination. We would be
pleased to see all those who wish to
assist do so at once. If you cannot
afford a dollar, any smaller sum will
be just as acceptable. We wish our
readers to bear in mind that this is
not a political movement, but one
that emanates from the people of
Manitoba as a whole, without regard
to race, religion or any other creed.

CONFIRMATION SERVICES.

Held in St. Alban's pro-Cath-
edral.

St. Alban's Church, last Sunday
evening, was the scene of one of the most
important services held in the English
Church, being the confirmation of candi-
dates in holy rites. The building was
crowded to its utmost capacity, and the
greatest interest was shown by the whole
congregation throughout the services.
The crush was so great and the space re-
served for the twenty-seven applicants
thereby becoming lessened that the ser-
vices imposed upon them were performed
with difficulty.

The evening's services commenced with
the congregation singing that well known
hymn, "Onward Christian Soldiers,"
during which time the clergy entered
from the west door, and led by His Lord-
ship the Bishop of Saskatchewan, march-
ed in procession to the chancel. His
Lordship was assisted during the cere-
monies by Ven. Archdeacon J. A. Mackay,
D.D., Ven. Archdeacon Geo. McKay,
Rev. Canon Flett, B.A., Rev. E.K. Mat-
tison, Rev. I. J. Taylor, Rev. A. A. H.
Wright, Rev. J. Settee. After the usual
opening services had been concluded,
His Lordship the Bishop delivered the
usual address to the candidates, in
which he made some remarks appropriate
to the occasion, and explained to the
candidates why the rite of confirmation
was administered; at the same time warn-
ing them against the difficulties and
dangers to be contended against during
this life, and also warning them against
relying on their own strength to carry
them along that narrow path which lead-
s to life everlasting. After the close of
the address and a hymn had been sung
the congregation were asked to join with
the clergy on behalf of those about to
give themselves into the keeping of the
Church. The Bishop then asked the
candidates if they renew the solemn pro-
mise and vow made at the time of their
baptism, ratifying and confirming all
those things undertaken by their god-
fathers and godmothers, to which they
all answered "I do." The Bishop then
offered up a prayer and the candidates
were then led to the communion rail in
couples where they severally presented
to His Lordship, who, placing his hand
on each one's head, repeated "Defend, O
Lord, this thy child with thy heavenly
grace, that he (or she) may continue
thine forever; and daily increase in the
Holy Spirit more and more, until he come
unto thy everlasting kingdom." The
confirmation service being concluded, his
Lordship preached a very able and
eloquent sermon; taking his text from
part of 9 v., xii chap, II Corinthians:—
"My grace is sufficient for thee."—
Prayers and the reading of a collect and
the singing by the choir and congregation
of "Abide with Me," and the Bishop
finished the very imposing ceremony with
his blessing.

The musical part of the ceremony was
conducted by Mr. Starforth, ably assisted
by Mr. J. M. R. Neely. The choir of St.
Alban's Church are badly in need of prac-
tice as was shown by their rendering of
some of the pieces last Sunday evening.

His Lordship left for Carlton early on
Monday morning.

W. B. Macnamara, of Winnipeg, who
it will be remembered spent a week in
Prince Albert during the past summer,
has written to the eastern papers a very
interesting account of his overland trip
from Edmonton along the river, and his
impressions of Prince Albert and the
beautiful country surrounding it.

John Wymerskirch is busily engaged
repairing and plastering the old Gable
House, at the corner of McKay and River
streets, and will have it finished shortly.
John will be pleased to see his old-time
friends drop around and have a quiet
game of billiards and drink a glass of
"swanky."

TERRITORIAL NEWS

EDMONTON.

From the *Bulletin*, August 17.
River still falling.
Harvesting will get a good start next week.

M. McCauly has completed his contract of supplying the Edmonton detachment of Police with hay.

Thomas Castle, of the south side, had his shoulder blade broken on Wednesday by falling off a load of hay.

Senator Hardisty left Fort Smith for Peel river on July 7th by the Hudson Bay steamer Wrigley. His health was good, except a slight attack of rheumatism.

Jellett & Ottewill have Ladoga and white Russian wheat four and a half feet in height, well headed and both at about the same stage of ripeness, the chaff turning quite yellow and the grain hardening. Also Champlain wheat four feet in height, with heads seven inches long, the grain full, but still quite soft, and the chaff green. They are of opinion that the white Russian ripens quite as early as the Ladoga, and both ripen about ten days earlier than the red fife. The Champlain is a bearded variety, and is evidently not an early variety.

QU'APPELLE

From the *Progress*, Aug. 23.
Farmers are rushing harvest.
Ripe tomatoes have been pulled in the Progress garden this season.

There was a dog show here on Wednesday night, not very well attended.

Mr. W. V. Macleac, of Prince Albert, passed through here going east this week on a holiday tour.

On Thursday of last week a C. P. R. engineer informed some of our engineers that his engine had started a prairie fire near the town, and he guessed they had better go and put it out. This engineer knew that there is a very strict law in the Northwest against the starting of prairie fires, but he knew also that an attempt had been made to enforce the law against another C. P. R. engineer, and it had failed because the judges of the Supreme Court had decided that as the fire was kindled in the furnace of the locomotive, it could not be held that the engineer was liable under the law for starting the fire on the prairie. What has been the result? The C. P. R. may inflict terrible loss upon the country, and the law is powerless to prevent it.

FORT MACLEOD.

From the *Gazette*, August 22.
The whole country in the vicinity of Kootenay Lakes has been staked out in coal oil claims.

E. R. Rogers, of Calgary, has been appointed Clerk of the Court for Northern Alberta.

The Gazette has been given the contract for a quantity of printing for the Northwest Government.

A child of W. Henderson's, of the Lethbridge House, drank fly poison, and died from the effects.

While at Banff, the Northwest medical men formed a territorial association, the following officers being elected:—President, Dr. Kennedy; Vice-President, Dr. Brett; Sec. Treasurer, Dr. Edwards, of Qu'Appelle.

Dr. Kennedy, of Macleod, read a paper before the medical congress at Banff on the climate of Southern Alberta, the paper eliciting especially with fever. The paper elicited the greatest interest of any presented, and was discussed at great length. It was pronounced the paper of the session.

LETHBRIDGE.

From the *News*, August 21.
Judge Macleod returned from holding court at Maple Creek on Thursday morning, and went home to Macleod the same day.

Several shooting parties went out last week to open the season. Although not bringing back very large bags, they report the sport good.

Hay cutting in this section is almost completed, and contractors and others are busy rigging up teams and getting ready to haul in what has been cut.

The Medicine Hat baseball team has challenged a team selected from the

Moose Jaw, Regina and Qu'Appelle clubs to play for \$1,000 a side.

The Governor-General will visit Lethbridge some time next month on his way to Macleod and Calgary, and will stop here one day. From here he will go to the Blood Reserve, then to Macleod, and from there by trail to Calgary. He will leave Ottawa about the 15th Sept.

CALGARY.

From the *Tribune*, August 21.

Mr. C. Miquelon has been out in the country in the neighborhood of Pine Creek and when there took notes of the growing grain. On ten new farms he estimated 400 acres of grain. The wheat, he feels sure, will average 30 bushels to the acre; barley 40 bush.; oats, 60 bush. It must be remembered that our grain weighs so much more to the measured bushel than it does in the east. The above figures would be much larger if calculated by weight.

The Bank of Montreal building is progressing very well. The work of putting the roof on has commenced.

ACCIDENT AT MUSKEG LAKE.

On Tuesday last Mr. Dufresne, D. L. S., who has been engaged surveying the Indian Reserves at Muskeg Lake, was brought in suffering from a severe cut on his foot which is likely to prove very serious. On the Saturday previous he cut his foot, with a small axe, from which the blood flowed freely, so much so that he got a little frightened of it, and as well as putting on sticking plaster, tied a bandage above the wound so tightly as to stop all circulation, and then came to town, a distance of about seventy miles. On arrival here Dr. Potter was called on, who took off the bandages and found that necrosis was beginning in the foot and as the blood began circulating the injured blood of the foot was taken back up the leg which caused blood poisoning. The patient lay in a very precarious condition for some time, when Dr. Bain was called in and a consultation held, which proved beneficial, as Mr. Dufresne is improving although far from being out of danger. Mr. Dufresne is ably attended to by his assistant, Mr. Bernier.
